

Getting Set Up for Google Classroom.

You will need to first get your NYCDOE username and reset the password this will be the same information you will use to login to gmail and access your classes.

1. Go to: <https://idm.nycenet.edu/students/start.form> Enter your OSIS (student ID) and birthday. Once you do it will give you your NYC DOE account name (which is a combo of your first name last initial and numbers). Below that, it also give you your full NYCDOE gmail address. For example, if your account name is baracko441 your email address will read baracko441@nycstudents.net (**Write down your email address**)
2. Press **Continue** and **Reset your password**. (**Write down your password**)
3. Then go to www.gmail.com Enter your NYCDOE email and password. It will redirect you DOE login page. Enter your NYCDOE username (from example above it would be Baracko441) and your password. (**Username is the best way to login sometimes entering email has a glitch) and click Sign In.
4. You will redirected back to your gmail account.
5. Once in gmail, click the six dots and then click on Google Classroom.
